

NOVA 181 SW

Single 18" Front Loaded Subwoofer

Introducing the NOVA181SW, a powerful single 18-inch front-loaded passive subwoofer designed for high-output bass performance. Built with precision and durability, it features a 5-inch voice coil for enhanced power handling, housed in a rugged birch plywood enclosure with a polyurea paint finish for superior protection. With a 134 dB max SPL and 2000W RMS power, the NOVA181SW delivers deep, punchy bass through its ferrite driver (LF18X125), covering frequencies from 35 Hz to 200 Hz. The front-loaded design ensures direct, impactful low-frequency projection, making it ideal for demanding live sound applications.
