NOVA 122LA

DUAL 12" CARBON FIBER LINE ARRAY

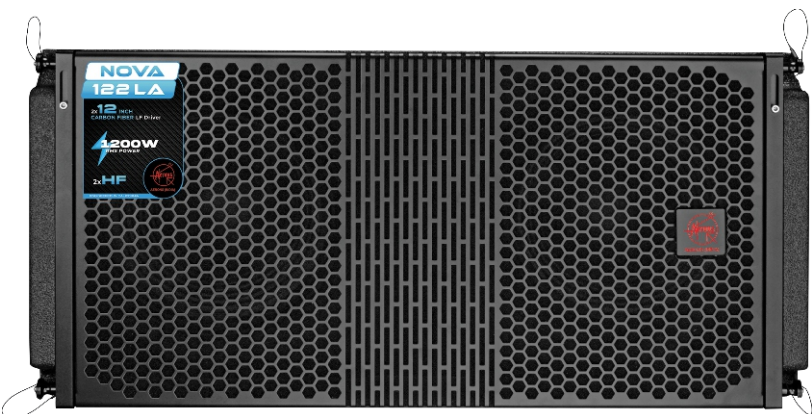

Aerons India introduces the NOVA122LA, a high-performance dual 12-inch passive line array, engineered for outstanding sound quality and versatility. Delivering 1200W RMS of power, it features two 12-inch drivers with 3-inch voice coils for deep, clear low frequencies, and two high-frequency drivers with 2.5-inch voice coils for crisp, precise highs.

The NOVA122LA's innovative design includes carbon fiber cones, enhancing both durability and sound clarity. This makes it ideal for a wide range of professional audio applications, including large-scale concerts, outdoor events, theaters, and houses of worship, where powerful, reliable, and distortion-free sound is essential.
